AQUA-RESLIN®

MSDS Version 1.4

SECTION 1. CHEMICAL PRODUCT AND COMPANY INFORMATION

Product NameAQUA-RESLIN®Chemical NameMixture; a.i., permethrin, piperonyl butoxideSynonym11MSDS Number11Chemical Family432-796Canadian Registrat. No.432-796

Bayer Environmental Science 95 Chestnut Ridge Road Montvale, NJ 07645 USA

For Product Use Information: (800)331-2867 Monday through Friday 8:00AM-4:30PM For Medical Emergency contact DART: (800) 334-7577 24 Hours/Day For Transportation Emergency CHEMTREC: (800) 424-9300 24 Hours/Day

Product Use Description A synthetic pyrethroid for effective adult mosquito, midge and blackfly control.

SECTION 2. COMPOSITION/INFORMATION ON INGREDIENTS

Component Name	CAS No.	Concentration % by Weight	
		Minimum	Maximum
Permethrin	52645-53-1	20.0000	
Piperonyl butoxide	51-03-6	20.0000	
Other ingredients		60.0000	
Odorless mineral spirits	8052-41-3	10.0000	

AQUA-RESLIN®

MSDS Number: 00000000011 MSDS Version 1.4

SECTION 3. HAZARDS IDENTIFICATION

NOTE: Please refer to Sectio Emergency Overview	<i>n</i> 11 for detailed toxicological information. Caution. Keep out of the reach of children. Hazard to humans and domestic animals. Harmful if swallowed. Wash thoroughly with soap and water after handling. This product is extremely toxic to fish and aquatic invertebrates. This product is highly toxic to bees exposed to direct treatment of residues on blooming crops or weeds.
Physical State	liquid
Odor	Very mild paint or brake-fluid
Appearance	Cream to tan
Routes of Exposure	Inhalation and ingestion.
Immediate Effects Eye	May cause slight irritation.
Skin	May cause slight irritation.
Ingestion	Harmful if swallowed.
Chronic or Delayed Long-Term	Refer to Section 11 for chronic feeding study in rats under extreme experimental test doses.

SECTION 4. FIRST AID MEASURES

Еуе	Flush eyes with plenty of water. Get medical attention if irritation persists.
Ingestion	Call a physician or Poison Control Center. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol. May pose an aspiration pneumonia hazard.
Note to Physician	This product contains a synthetic pyrethroid and a petroleum solvent. If ingested and vomiting has not occurred, emesis should be induced with supervision. Keep patient's head below hips to prevent aspiration. If symptoms such as loss of gag reflex, convulsions or unconsciousness occur before emesis, gastric lavage using a cuffed endotracheal tube should be considered. DO NOT administer or instill milk, cream or other substances containing vegetable or animal fats which enhance absorption of lipophilic substances. If localized paresthesia develops, the site should be thoroughly washed with soap and water. Cold cream can be applied to diminish the effect.

AQUA-RESLIN[®]

SECTION 5. FIRE FIGHTING MEASURES			
Flash Point	> 93 °C / > 199 °F Method: Tagliabue Closed Cup		
Suitable Extinguishing Media	carbon dioxide (CO2), dry chemical, foam, water		
Fire Fighting Instructions	As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH approved (or equivalent) and full protective gear.		

SECTION 6. ACCIDENTAL RELEASE MEASURES

General and Disposal Soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

SECTION 7. HANDLING AND STORAGE

Handling Procedures Wash thoroughly with soap and water after handling.

Storing Procedures Store upright at room temperature. Do not contaminate water, food, or feed by storage or disposal.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Eye/Face Protection	safety glasses
---------------------	----------------

Body Protection impervious gloves

SECTION 11. TOXICOLOGICAL INFORMATION

Acute Oral Toxicity	The following data was developed with: Aqua-Permanone (EPA No. 432-796) for which Aqua-Reslin is an alternate name and also Permanone Insect Killer R7 which has a similar formulation of 20.9% Permethrin and 20.1% Piperonyl Butoxide. Rat: LD50: 1,000 mg/kg Slightly toxic.
Acute Dermal Toxicity	The following data was developed with: Aqua-Permanone (EPA No. 432-796) for which Aqua-Reslin is an alternate name and also Permanone Insect Killer R7 which has a similar formulation of 20.9% Permethrin and 20.1% Piperonyl Butoxide. Rabbit: LD50: > 5,000 mg/kg Practically non-toxic.
Acute Inhalation Toxicity	The following data was developed with: Aqua-Permanone (EPA No. 432-796) for which Aqua-Reslin is an alternate name and also Permanone Insect Killer R7 which has a similar formulation of 20.9% Permethrin and 20.1% Piperonyl Butoxide. Rat: LC50: > 2.87 mg/l 4 h Practically non-toxic.
Skin Irritation	The following data was developed with: Aqua-Permanone (EPA No. 432-796) for which Aqua-Reslin is an alternate name and also Permanone Insect Killer R7

	which has a similar formulation of 20.9% Permethrin and 20.1% Piperonyl Butoxide. Rabbit: Slightly irritating
Eye Irritation	The following data was developed with: Aqua-Permanone (EPA No. 432-796) for which Aqua-Reslin is an alternate name and also Permanone Insect Killer R7 which has a similar formulation of 20.9% Permethrin and 20.1% Piperonyl Butoxide. Rabbit: Slightly irritating.
Sensitization	The following data was developed with: Aqua-Permanone (EPA No. 432-796) for which Aqua-Reslin is an alternate name and also Permanone Insect Killer R7 which has a similar formulation of 20.9% Permethrin and 20.1% Piperonyl Butoxide. Guinea pig: Non-sensitizing

THE FOLLOWING DATA WERE DEVELOPED WITH: permethrin and piperonyl butoxide, the active ingredients.

Chronic Toxicity A statiscally significant increase in the incidence of lung and liver tumors was observed in female mice receiving diets containing 375 and 750 mg/kg/day of permethrin technical over 85 weeks.

A statistically significant increase in the number of benign liver tumors appeared in mice fed piperonyl butoxide technical at doses which far exceed any anticipated daily human intake. Independent and industry toxicological experts who have reviewed the data agree that the findings of the study do not indicate a health risk to human beings.

Assessment Carcinogenicity

ACGIH None NTP None IARC Permethrin Piperonyl butoxide OSHA None	52645-53-1 3 51-03-6 3		
Reproductive & Developmental Toxicity	Reproductive performance and offspring development in rats were unaffected when piperonyl butoxide was fed at dietary concentrations of up to 1000 ppm over two successive generations.		
Teratogenicity	Permethrin was not teratogenic when tested in rats. There were no birth defects or adverse effects on reproductive parameters in tests with rats or rabbits for piperonyl butoxide. It is not considered to be teratogenic.		
Mutagenicity	Permethrin did not produce any mutagenic effects when tested in the Ames test.		

AQUA-RESLIN®

Piperonyl Butoxide was not genotoxic in several tests including the Ames mutagenicity assay, chromosome aberration in Chinese hamster ovary (CHO) cells, CHO/HGPRT assay with S9 activation, and in the unscheduled DNA systhesis (UDS) assay in cultured human liver cells.

SECTION 12. ECOLOGICAL INFORMATION

Environmental Precautions This pesticide is extremely toxic to fish and other invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment rinsate. Do not apply when wind speeds exceed 10 MPH. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters. Do not apply when wind speeds exceed 10 mph.

This product is highly toxic to bees exposed to direct treatment of residues on blooming crops or weeds. Do not apply it or allow it to drift to crops or weeds on which bees are actively foraging. Applications should be timed to provide maximum possible interval between treatment and the next period of bee activity.

SECTION 13. DISPOSAL CONSIDERATIONS

General Disposal Guidance	Pesticide, spray mixture or rinse water that cannot be used according to label instructions may be disposed of at an approved waste disposal facility.
Container Disposal	Metal Containers: Triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.Plastic Containers: Triple rinse or equivalent. Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or incineration, or if allowed by State and Local authorities, by burning. If burned, stay out of smoke.
RCRA Classification	Not Regulated under this Statute

AQUA-RESLIN®

SECTION 14. TRANSPORT INFORMATION

PROPER SHIPPING NAME: Not DOT Regulated

NOTE: For transport purposes (49 CFR Part 173.132), the calculated 1-Hour LC50 (Rat) is: 11.48 mg/l.
